Profile Summary

MERN Stack Developer with a strong passion for coding and problem-solving, skilled in creating clean, efficient code. Dedicated to staying updated on emerging technologies to deliver innovative and scalable solutions. Experienced in building modular ERP and AI-driven LMS platforms integrated with Python FastAPI backends to streamline workflows and enhance usability.

EXPERIENCE

Bheemverse Innovation Pvt.Ltd

May 2025 – Jul 2026

Full-Stack Developer

Kochi, Kerala

- Built modular ERP & LMS front-ends with AI-prompted development, delivering responsive dashboards and reusable components.
- Integrated Python FastAPI backends for authentication, workflow automation, and data management across enterprise and education modules.
- Delivered scalable, role-based interfaces enhancing usability for diverse users (HR, sales, students, instructors, admins).

Pinnet Infosolutions Pvt Ltd

Dec 2023 – May 2025

Junior React JS Developer

Calicut, Kerala

- Built and maintained user interfaces for web applications using React JS, ensuring responsive and dynamic designs.
- Collaborated with cross-functional teams to integrate front-end components with back-end APIs.
- Implemented reusable components and optimized state management, also improved application performance and user experience.

Luminar Technolab

Sep 2022 – Apr 2023

MERN Stack Developer (Intern)

Calicut, Kerala

- Built and deployed full-stack applications using React JS, Express JS, Node JS, and MongoDB.
- Optimized APIs and ensured seamless front-end and back-end integration.
- Improved performance through code and database optimization.

PROJECTS

ERP

- Developed a modular ERP front-end (HR, Accounts, Sales, Inventory, Purchase, Projects, SKU) using AI-prompted UI generation with responsive dashboards, dynamic forms, and reusable components.
- Integrated with Python FastAPI backend to enable authentication, workflow automation, and role-based interfaces, streamlining operations across all modules

LMS

- Developed AI-driven LMS front-end with AI-prompted course pages, dashboards, and interactive learning modules.
- Integrated with Python FastAPI backend for course management, authentication, and role-based interfaces supporting scalable online education.

Clinic Management System

- Built a Clinic Management System using React JS with modules for OP/IP services, patient records, lab billing, pharmacy, inventory, and accounts management.
- Improved efficiency with real-time reporting, sales/purchase tracking, and a responsive, user-friendly interface.

EDUCATION

Blossom Arts And Science College

Bachelor of Computer Science

Jun 2019 – Apr 2022

Kondotty, Malappuram

SKILLS

Languages: JavaScript, TypeScript, Node.js, HTML, CSS

Frameworks And Libraries: Express JS, React JS, React Native, Next.js, Redux Toolkit, EJS, Tailwind CSS, Socket.IO, Bootstrap, FastAPI

Databases: MongoDB, PostgreSQL, SQLite, Redis

Familiar With: Figma, Data Structures, Postman, Git, Docker, Supabase, CI/CD, Linux, Jira
